## EDUCATION

### **Cornell University**

MPS in Information Science

**Ithaca, NY, USA**

Aug 2026 – Dec 2027

### **New York University**

BFA in Interactive Media Arts

**New York, NY, USA**

Aug 2023 – Dec 2025

- **GPA: 3.952/4.0 | Summa Cum Laude | Tisch Dean's List, 2023-2025**

## WORK EXPERIENCE

### **UI/UX Design Lead, Part-Time | Dunes Creative | Remote**

Jul 2026 – Present

- Lead end-to-end UI/UX design for Waybox, a client mobile app, from discovery and requirements definition through user flows, wireframes, and high-fidelity interfaces.
- Serve as the primary design contact, translating client needs and stakeholder feedback into actionable product requirements and iterative design solutions.

### **UX Research Intern | Tsinghua Future Lab | Beijing, China**

Jun 2026 – Present

- Develop a research protocol examining user experience and self-disclosure in AI-mediated VR interviews.
- Conduct participant recruitment, semi-structured interviews, and usability testing while supporting AI API integration and reliable audiovisual data collection.
- Review evidence-based sleep interventions to identify opportunities for technology-enabled behavioral support.

### **Web Designer & Full-Stack Developer Intern | Dunes Workshop**

Jul–Sep 2025; May–Jun 2026

- Designed, developed, and deployed Dunes Dictionary, leading the product lifecycle from research and wireframing to implementation.
- Built the front end, back-end features, and an admin dashboard for activity tracking, content management, and real-time updates.
- Featured in *Next Culture Producer, Season 4: Text*, a Chanel Culture Fund and Power Station of Art initiative in Shanghai.

### **Designer & Front-End Developer, Volunteer | SheNicest | Remote**

2026 – Present

- Design and develop a responsive website for a women-focused technology and design community, spanning UI/UX design and front-end implementation.
- Create visual assets, merchandise, and event materials for technology and design hackathons.

### **UI/UX Design Intern | Cyber Partner AI | Shanghai, China**

May–Jun 2025

- Designed wireframes and prototypes for the company's B2B website; collaborated with developers to improve usability and support a smooth launch.
- Researched commercial applications of LLMs and helped robotics partners adapt product demonstrations for real-world event settings.
- Authored sections of a robotics operation manual to improve clarity and ease of use.

## SKILLS

**Software:** Figma, Adobe Creative Suite, Fusion 360, Unity

**Development:** JavaScript, HTML, CSS, Java, ml5.js, Arduino, Python, R

**AI Tools:** ChatGPT, Claude, Claude Code, Runway, Midjourney, Suno, Gemini, Cursor

**Languages:** Mandarin (Native), English (Professional)
